

## Food Safety Alert

Out of an abundance of caution, the CDC has issued a Food Safety Alert for romaine lettuce this afternoon, stating a possible E. coli breakout. At this time, they have not determined a specific region or grower and has not been made a formal recall. Please follow the links below for a detailed report on this alert as develops.

<https://www.cdc.gov/ecoli/2018/o157h7-11-18/index.html>

<https://www.fda.gov/Food/RecallsOutbreaksEmergencies/Outbreaks/ucm626330.htm>

Also, please consider substitutes until romaine has been cleared. We have a variety of lettuce options to offer.

- Greenleaf
- Baby spinach
- Iceberg
- Baby Kale
- Baby Lolla Rosa
- Baby Green Oak
- Baby Red Oak
- Redleaf Lettuce
